

Andy Pag, Adventurer and Speaker

Introduction script

Adventurer Andy Pag is renowned for his sustainably powered expeditions around the world.

He's driven to Timbuktu in a chocolate powered lorry, circled the world in a scrapyard van fuelled by waste cooking oil scavenged from bins along the way, and sailed to the other side of the globe in an abandoned sailboat he restored.

Along the way, he's broken down in the Sahara Desert, been feet away from a lightning strike and been locked up in an Indian prison.

He's a big advocate of failure as a stepping stone to success and helps organisations reframe their thinking around transformation and innovation.
